

FLAMMABLE LIQUID CABINETS

ENVIRONMENTAL SOLUTIONS TECHNOLOGIES PRODUCTS EXPERTISE

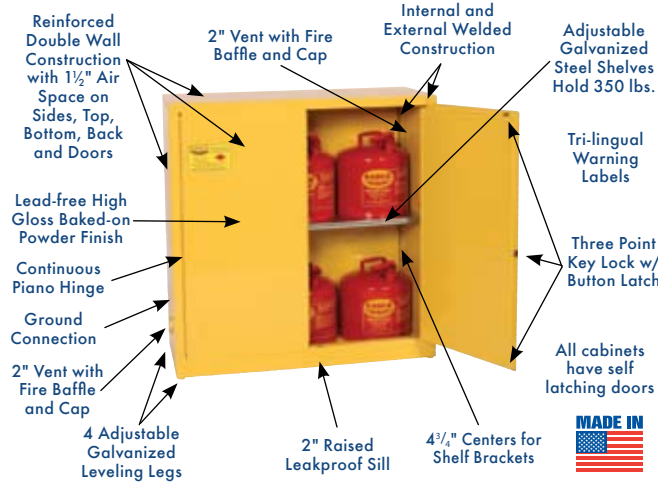

INDUSTRY-LEADING SAFETY CABINETS

America's choice for the storage of flammables and Other Liquids

Since 1967 these storage cabinets have been setting the pace for safety storage cabinets. A state-of-the-art production facility and creation of this new cabinet design incorporates many new convenience and safety features. Cabinets are now available from 4 gallons to 120 gallons with many sizes in between to meet your needs. Engineering staff work constantly to develop new cabinets to meet the ever changing needs of today's business, industry and laboratories.

We invite you to look at the many types of cabinets in these pages.

STANDARD FEATURES

Flammable Storage Cabinets

Acid/Corrosive Storage Cabinets

Paint/Ink Storage Cabinets

Pesticide Storage Cabinets

DID YOU KNOW?

- Improper storage and handling of flammable liquids is the leading cause of industrial fires.
- The use of approved safety cans is your first layer of protection against fire. Storage of safety cans in approved safety cabinets provides your second layer of protection.
- Safety cabinets are designed to protect the contained flammable liquids for a period of 10-minutes, giving personnel time to exit in case of fire.
