

INDUSTRIAL LINERS

ENVIRONMENTAL SOLUTIONS TECHNOLOGIES PRODUCTS EXPERTISE

QUALITY LINERS FOR QUICK, COST EFFECTIVE SOLUTIONS

Our large and extensive selections of liner materials and products are a match for your toughest jobs.

We offer design and fabrication of Primary and Secondary Containment Liners for interior and exterior applications:

LINER PRODUCTS BY INDUSTRY

Plating and Metal Finishing	Floor and Room Covering
Pits, Ponds and Lagoons	Oil Industry
Agricultural	Potable and Wastewater
Drop Ins	Tanks

Polyvinyl Chloride (PVC) is the backbone of our industry. Polyvinyl chloride has excellent resistance to acids and alkalis, as well as a wide range of corrosive chemicals. The combination of chemical resistance and good physical properties has led to usage in numerous industrial applications such as plating baths, coatings for tanks and pipes, protective clothing, aprons, tarpaulins, splash guards, drum linings and many others. Water resistance

and low water absorption permit use for sewer pipe and coatings for ocean going ships. Resistance to attack from oxygen and ozone is very good. PVC is also resistant to oils, alcohols, aliphatic hydrocarbons and household detergents. Our high temperature PVC is used to contain fluids with a sustained temperature up to 170 degrees F., dependent on the fluids to be contained. Chemical Resistance charts are available upon request.

See below for a list of many different materials we use to fabricate customized liners for the containment of hazardous and non hazardous chemicals and waste.

RELATED PRODUCTS

Drop in liners, Drum and Pail Liners, Roll-Off's, IBC Liners, Box Liners, Bulk Bags, Steel and Poly Drums, Pails, drum Accessories and more.

HAVE A SPECIAL LINER APPLICATION IN YOUR OPERATION? CALL US!

30 mil & 40 mil PVC	Black	Pits, Storage Tanks, Oil Field, Saltwater, Water Tanks, Ponds
60 mil PVC	Black or Gray	Pits, Storage Tanks, Oil Field, Saltwater, Water Tanks, Ponds
NSF/ANSI Aqua Pure: 40 mil, 60 mil, 93 mil, 125 mil & 1875 mil	White	Potable Water, or where white appearance is needed.
30 mil, 40 mil, 60 mil, 93 mil & 125 mil Vynylester PVC	Black	Floor Coverings, Plating, Galvanizing, Hydrocarbons, & Agriculture
60 mil, 93 mil, 125 mil, 1875 mil PVC	Gray	Plating & Galvanizing, Floor Coverings-- Mining Industry
60 mi, 93 mil, 125 mil, 1875 mil High Temp PVC	Clear	Chromic Acids, Sulfuric Acids, Nitric Acids (to 170 F.)
